Dear Resident

AREA 7 MANAGING AGENT CONTRACTOR CONTRACT

Re: A5 SOUTH BOUND SOUTH OF B4114 SMOCKINGTON HOLLOW AND NORTH & SOUTHBOUND, SOUTH OF HIGH CROSS – RESURFACING WORK

A-one+ is the Managing Agent Contractor to the Highways Agency, maintaining the trunk roads and motorways in the East Midlands on their behalf.

I am writing to advise you that we will be carrying out resurfacing work to the A5 trunk road at Smockington Hollow and High Cross junctions. This work is planned to commence on 29th July 2013 for a maximum of five nights.

Description of works

The work involves resurfacing of the existing road surface, together with new road markings reinstated. In order to protect the safety of the workforce and road users, it is necessary to close a section of the A5 in both directions overnight between the hours of 8:00pm and 6:00am. This closure will extend from immediately southeast of the junction with the B4114 at Smockington to the northwest village boundary at Wibtoft. If your property has direct access off the A5 within the closed section, that access will be maintained from either the northwest or the southeast direction as appropriate.

Signed diversion routes will be in place throughout the time the affected section of A5 is closed. Wherever possible, noisier operations will be programmed to take place at the beginning of shifts. Access for emergency services will be maintained throughout.

The works have been identified as essential for the maintenance of the highway network. Once completed, users of the A5 trunk road will benefit from the improved road safety and ride quality of the carriageway.
