

# **Wolvey Against Subsidised Turbine Energy**

## **Rugby Borough Council Planning Meeting**

### **Meteorological Mast Application**

# **WEDNESDAY 24<sup>th</sup> SEPTEMBER 2014**

## **5:00pm - Town Hall, Rugby**

This application is inextricably linked to a proposed wind farm of up to 7 massive 130 metre turbines that will affect Wolvey and several surrounding parishes. If you are a concerned resident we now urgently request you to attend this important meeting and please urge others to do so too.

We need to fill Rugby Town Hall Council Chamber with objectors, as our attendance on mass will help ensure that our objections have been clearly noted by the Council, and that full consideration is given to the very reasonable requested conditions.

If you can join WASTE members on 24<sup>th</sup> September please meet us on the Town Hall steps in Rugby at 5pm. If possible, please offer transport to others as we need to show a united front to our elected Planning Committee members, whose meeting will commence promptly at 5.30pm. Hopefully the press will be there to capture our opposition to this extremely controversial application.

**RBC PLANNING COMMITTEE MEMBERS WILL DECIDE ON 24<sup>th</sup> SEPTEMBER 2014**

# **WE ALL NEED TO BE THERE!!!**

**FOR MORE INFORMATION OR TO JOIN OUR MAILING LIST VISIT -**
