

Closure of W.A.S.T.E. Group

Dear Supporter,

I wish to make you aware of some great news, on the 18th January 2016 the Secretary of State dismissed the appeal by RES to construct 4 Wind Turbines at Churchover near to Rugby. This means that we should not be seeing wind turbines in Wolvey or surrounding areas. [I have attached a copy of the decision notice issued for your information.](#)

I also need to make you aware that at the meeting of the W.A.S.T.E. group committee on Wednesday 3rd February 2016 the following resolutions were passed:-

1. The Group is to be disbanded with immediate effect
2. The remaining funds (£440) be used to support local groups as follows:-
£340 to Wolvey School Environmental Project
£100 to the Copston Magna Fund
The bank account to be closed
3. A notice to be posted in "The Link"
4. The W.A.S.T.E. website to be closed.

On behalf of the group I wish to thank you for your support in our fight against the wind turbines at Wolvey, without your help I am sure the success would not have been possible.

Regards

John Knight
Chairman of W.A.S.T.E.
