

ACTION PLAN

2014-2015

The Parish Council's key actions for the year ahead are outlined below. A key aim of the Parish Council is to ensure that the services it provides are delivered in a timely way and reflect the needs of the whole community.

Its planning protocols are therefore designed to incorporate the views of as many residents as possible. To this end, responses from an Open Day and a questionnaire carried out in May, have

been used to supplement the views received through the usual channels: PC meetings, correspondence with Clerk, one to one meetings with councillors etc. The collated results from the questionnaire are available on the web site (www.wolvey.org).

The Council will monitor the progress of actions against the specific target dates.
