4<sup>th</sup> April, 2013

## Notice

Further to residents' concerns over the control of dog in Wolds Lane, Wolvey Parish Council has had discussions with various local authorities about the situation.

Since the original problem the dog owners have taken timely actions to prevent any further recurrence. These actions include an electrical field which if approached by a resident dog wearing a special collar, causes that dog to stop, even if the gates are open.

The local authorities have reviewed the actions taken and have advised the Parish Council that these measures are appropriate.

Dog walkers are reminded that their animals must be kept on leads on the public highway.

The Parish Council appreciates the actions taken in this matter by all parties and now considers the matter resolved.

Margaret Cartwright  
(Clerk to the Council)
