

Expansion of Coronavirus testing

Last night the Government announced the further expansion of access to coronavirus testing to help protect the most vulnerable.

Anyone in England with coronavirus symptoms, who either has to leave home to go to work or is aged 65 and over, will now also be able to get tested.

Tests are available across the country. They can be booked immediately.

People can register at the testing portal using this link (<https://bit.ly/BookTesting>). Full guidance on testing can be viewed here (<https://bit.ly/TestingGuidance>).

WALC Events and Coronavirus

The Prime Minister has said that everyone in the UK should now stay at home, therefore we will be suspending our event activities until further notice.

You can visit the NALC website for the latest coronavirus information and advice <https://www.nalc.gov.uk/coronavirus>

Government advice

The Government's Coronavirus (COVID-19) webpage is frequently updated as things develop, so please check it regularly at www.gov.uk/coronavirus.
