Dear Customer

M69 J1 to M6 J2 northbound resurfacing, and southbound bridge joint replacement.

What we're doing and why? What are the benefits?

We'll be resurfacing the M69 northbound carriageway from the M6 J2 to the M69 J1. Work will also include the replacement of road markings. The repairs will be carried out following the deterioration of the carriageway. The completed work will provide a smoother and safer road surface to users, which will extend the life of the road whilst minimising the need for future maintenance. We will also be replacing the bridge joints on the southbound carriageway. We will carry out the repairs using a combination of northbound and southbound carriageway closures.

When will this work take place?

We will work from **13 January 2020 to 20 February 2020, Monday to Saturday, 9pm to 6am.**

Due to ongoing works in the surrounding area, and to minimise disruption, we are completing the work over the following dates;

Northbound: M6 J2 to M69 J1

Southbound: M69 J1 to M6 J2

Our planned road work may be subject to change due to weather conditions or unforeseen circumstances. Where possible, we will notify you if there are any changes to the schedule using black and yellow signs on the roadside.

What does this mean for you

During the closures, we will provide a signed diversion route. The diversion route has been agreed by Warwickshire County Council.

M69 J1 to M6 J2 diversion:

The diversion from the M69 J1 southbound is via the A5, A426 & M6, and vice versa.

I would also like to apologise in advance for any inconvenience or disruption to those living close to the work. We'll make every effort to carefully manage noise levels and additional lighting to minimise the impact.
