

Dear Customer

M6 junction 1 and junction 2 slips resurfacing.

What we're doing and why? What are the benefits?

We'll be resurfacing the M6 junction 2 southbound entry slip. The work will include repainting road markings and replacing road studs. We'll also be resurfacing the M6 junction 1 northbound entry slip and southbound exit slip. The completed work will provide a smoother and safer surface for road users, and extend the life of the road whilst minimising the need for future maintenance.

When will this work take place?

We'll work from **17 April 2020 to 24 April 2020**.

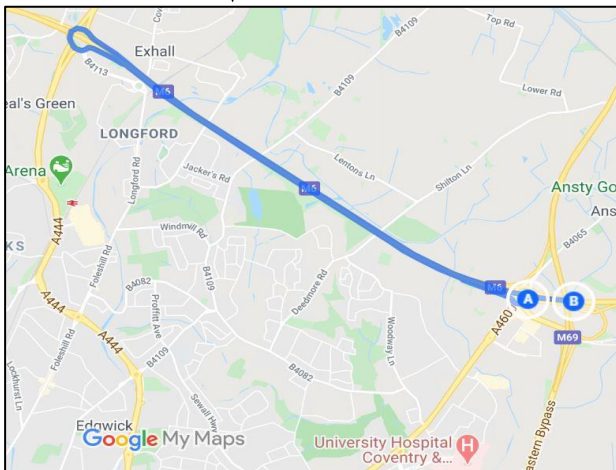

To resurface the M6 junction 2 southbound entry slip, we'll need a full weekend closure from **8pm on Friday 17 April to 6am on Monday 20 April**. This will then be followed by an overnight closure from **8pm on Monday 20 April to 6am on Tuesday 21 April**.

To resurface the M6 junction 1 northbound entry slip and southbound exit slip, we'll work overnight from **Monday 20 April to Friday 24 April, 8pm to 6am**.

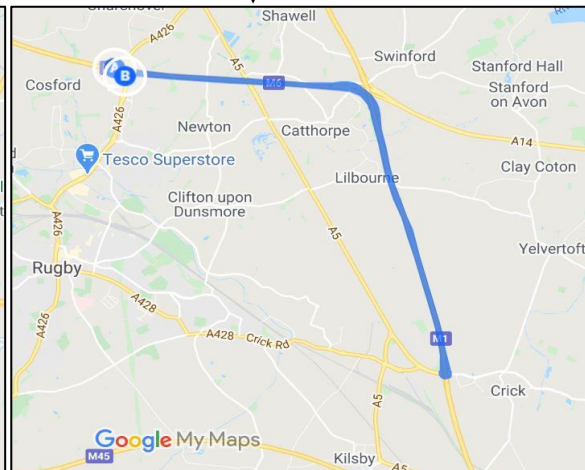

What does this mean for you

During closures, we'll provide a fully signed diversion route. This has been agreed by Warwickshire County Council. Access for emergency vehicles will be retained via a traffic lane during closures. Our planned road work may be subject to change due to weather conditions or unforeseen circumstances. Where possible, we will notify you if there are any changes to the schedule using black and yellow signs on the roadside.
